COMO CORNER

Design — Dirk Wynants

Designer Dirk Wynants created this linear lighting solution with soft, indirect light, and an extremely subtle expression, with the purpose of confirming that challenging spaces can have beautiful light too.

So simple, so easy

This surface-mounted linear lighting solution poses no challenge to install on the wall or ceiling, where electrical outlets are limited, and where ceiling height is within easy reach. A simple aluminium extrusion fixed to the surface, 1 or 2 quality LED strips and a cover, custom-cut up to meet the needs of your project.

Corners of light

Como Corner can emit light from 1 or 2 sides. Place it horizontally between the ceiling and wall, and it offers the options of indirect light on the ceiling, a wall-wash effect, or both. Or try it again horizontally, but at any level, to show up and/or down light. Position Como Corner vertically in the corner, where two walls meet, for a lighted corner space.

versions	*straight & curved*
colours	*white struc (paintable cover)*
output*	*1000lm: 536 lm/ft - 8.8W/ft* *2000lm: 798 lm/ft - 8.8W/ft*
cct	*2700K, 3000K, 3500K*
cri	*90+*
dimming	*remote driver - ELV/Triac, 0-10V*
