COMO CORNER

Design — Dirk Wynants

Especially conceived for renovation projects and a vibrant desire to keep installation simple, Como Corner bears no resemblance to anything in our profile families. Designer Dirk Wynants created this linear lighting solution with soft, indirect light, and an extremely subtle expression, with the purpose of confirming that challenging spaces can have beautiful light too.

So simple, so easy

This surface-mounted linear lighting solution poses no challenge to install on the wall or ceiling, where electrical outlets are limited, and where ceiling height is within easy reach. A simple aluminium extrusion fixed to the surface, 1 or 2 quality LED strips and a cover, custom-cut up to a maximum length of 4 meters.

Corners of light

Como Corner can emit light from 1 or 2 sides. Place it horizontally between the ceiling and wall, and it offers the options of indirect light on the ceiling, a wall-wash effect, or both. Or try it again horizontally, but at any level, to show up and/or down light. Position Como Corner vertically in the corner, where two walls meet, for a lighted corner space.

Welcome visual comfort

Our connected-ready profile is a new development in visual comfort. Its integrated Casambi module makes Como Corner's light a contributor to a person's well-being. Light levels to match time of day, light uniformity and indirect light (thus no glare), all contribute to Como Corner's inevitable popularity.

versions	*straight & curved*
colours	*white struc (paintable cover)*
