With a name derived from the Latin word for “ruler”, the Rektor range of LED lighting has every quality of a leader. Winner of the 2014 Henry Van de Velde design award, Rektor showcases the distinguished effects of right angles, accented light direction and no visible wires.

Hidden ingenuity

The unique feature of Rektor is that all the technical workings are concealed within the fixture. The innovative tilting technology allows you to rotate the LED head through 360°, as well as adjusting it upwards or downwards through 90°.

Rektor the square

The very first square design for Pista, Rektor Small Track 48V is a miniature yet commanding trackhead. Try it alone or in a pair, on any of Pista's variants. Thanks to warm dim technology, you'll have the extra opportunity of setting the mood just right, in any direction.

REKTOR SURFACE ADJUSTABLE 3.1X3.1 - BLACK STRUCTURE, BRUSHED ANODISED ALUMINIUM

REKTOR SURFACE ADJUSTABLE 3.1X3.1 2X - WHITE STRUCTURE, WHITE STRUCTURE

REKTOR TRACK 48V, PISTA TRACK 48V SURFACE
