MARBUL

MARBUL

Design — Jeffrey Huyghe

versions	Recessed Surface Suspended Track 48V
required parts	magnetic reflector
colors	black structure, donkey grey structure, white structure
mounting (surface, suspended)	plaster plate for 4"x4" jbox
housing (recessed)	Ultra Air Tight IC [®]
accessories (surface, suspended)	cover plates
output	recessed - up to 990lm per head surface, suspended, track 48V - up to 737lm per head
power	recessed - 8.9W per head surface, suspended, track 48V - 6W per head
luminaire power	1L - 8.5W 2L - 17W 3L - 23.5W
cct	2700K, 3000K, 3500K track 48V - 2700K, 3000K, 3500K, warm dim 1800-3000K
cri	>90, R9>50
optics	10°, 25°, 40°
voltage	120-277V
dimming	ELV/Triac/0-10V 1%
adjustability	adjustable versions - h 360° v 45°
location	damp rated track 48V - dry rated
-

The iconic Marbul portfolio is specifically designed with the renovation market in mind, suiting any space and integrating into existing infrastructure with ease. Its versatility, seamless elegance and optimum beam angles makes it ideal for both private residences and hospitality spaces. With Marbul also available for our Pista 48V track system, the family is getting happier and warmer.

Asymmetry rules

The elegant surface mounted luminaires enable you to direct light with a simple twist of each lamp-unit. Thanks to its streamlined driver box the 1, 2 or 3 spheres appear to float against the ceiling. The unique magnetic coverplate keeps screws and wires neatly out of sight. When installed with a junction box, an optional back plate can cover this and take away the need for meticulous plastering.

“All-round” sophistication

Marbul recessed is characterized by a thin trim of 0.2” through which 1 or 2 spheres appear to hang gently from the ceiling without any visible attachments. Adjustability remains the same: lamp units can be rotated 360° and inclined approximately 45°.

Adding more dynamism to an original

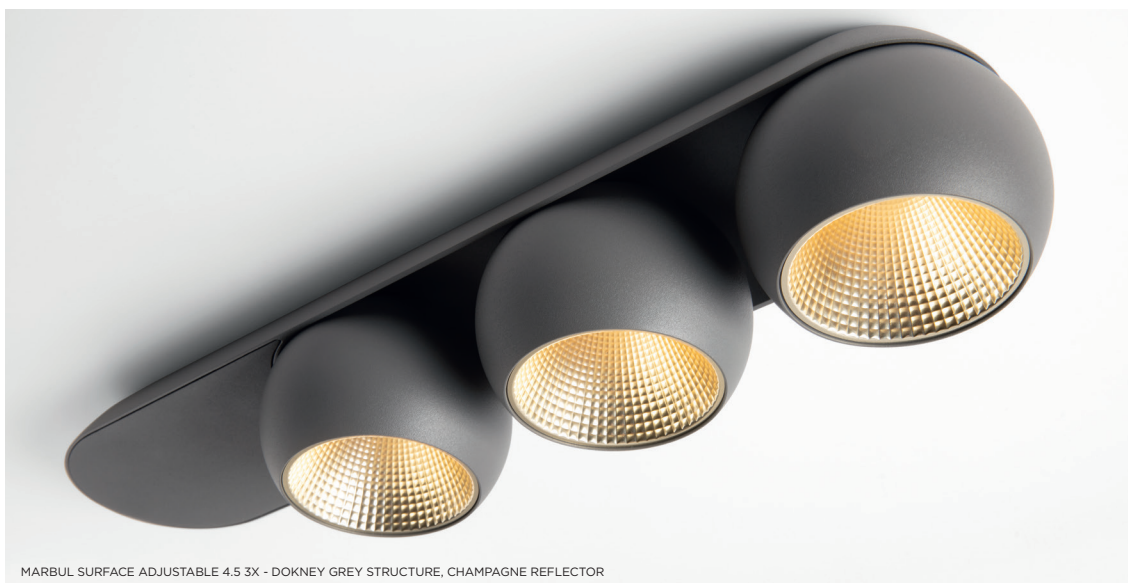

Marbul suspension comes with a particularly thin, matt black cable and a fixed or adjustable sphere. Choose for a gold, champagne or aluminium reflector to pimp your desired light effect. The adjustable version features a small cap that can be used to incline the sphere by approximately 45° to highlight specific elements in a room, and the cable itself can be rotated around 360°.

MARBUL SURFACE ADJUSTABLE 4.5 - WHITE STRUCTURE, ALUMINIUM REFLECTOR

MARBUL SURFACE ADJUSTABLE 4.5 2X - BLACK STRUCTURE, GOLD REFLECTOR

MARBUL SURFACE ADJUSTABLE 4.5 3X - DOKNEY GREY STRUCTURE, CHAMPAGNE REFLECTOR
