MINUDE

MINUDE

Our miniature spot is an extremely simple cylinder-shaped light fixture with a lot to show. Endless applications, a variety of rich colors, phenomenal yogic flexibility. A deep-recessed light source for a glare-free light effect. To express a refined and minimalistic look & feel on walls or low ceiling executions, on high ceilings in its stand-alone suspended variant. Or go for more than one Minude, on our Pista track as spot lights or suspended. This little spot will make a big impression.

Pure form, rich colors

The pure cylindrical shape with a thin, sharp edge and curved inner side. Showing off its rich anodized colors – black, champagne, bronze, silver bronze – achieved by anodization, and two additional colors, powder painted black and white structure. All variants have a matte black back side.

Quality lens and light

Minude's light quality will not be outshined by its minimalist design, however. Its beautifully concentrated light beam projected from a deep-recessed LED light source, provides a pleasant light output. Its sophisticated lens technology is well protected by the inner edge snuggling right up to the glass lens.

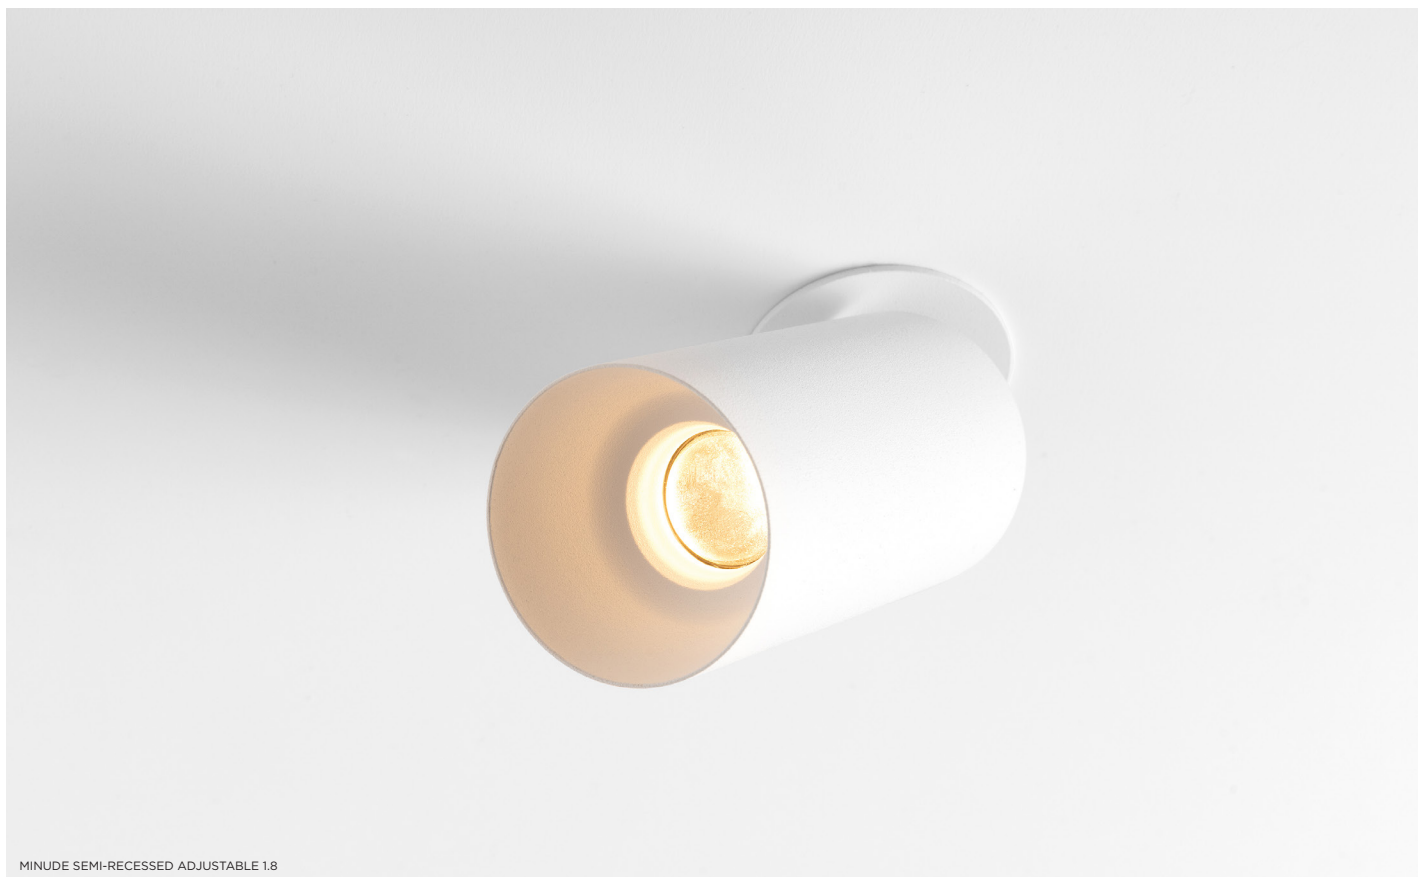

versions	<i>Semi-Recessed Suspended Track 48V Track 48V Suspended</i>
